braided cable

Available colours:

Basic – natural, grey, anthracite, black, chocolate

Diameter: 30cm

Shade height: 8cm

Standard suspension height: 120cm

Voltage: 220-240V, 50-60Hz

Bulb type: E27 60W or energy-saving light source
of energy class A++, A+ or A

Handling and Installation Instructions.

Please read the following instructions carefully before beginning with the installation:

- Remove the packing material carefully.
- Make sure that all items are free of damage and all cables are completely isolated.
- Shut off the main electrical supply at the fuse box/ circuit breaker.
- It is recommended to have the lighting fixture installed by a qualified electrician.
- The manufacturer does not enclose any wall plugs with the lamps. It is recommended to only use wall plugs that are determined to be used for installations of minimum 20 kg of weight.
- Due to the lamp's relatively high dead weight it is highly recommended to install the lamp on adequate surfaces e.g. brick or similar solid underground.
- Installations on suspended ceilings should only be performed after consultation with a specialist and upon approval of the facility proprietor.
- Only use the recommended light bulbs in order to prevent overheating

Care Instructions:

- To clean the shade from dust wipe with a soft and dry or slightly damp cloth.
- Do not use any abrasive cleaners. This might cause permanent stains and damage the shade.
